

Signatures Vegetarian & Vegan Guidance

Please advise your server of your specific dietary requirements when placing your order so that they can inform the kitchen team.

Please note: We do not have a dedicated allergen menu at this time. Suppliers regularly change their products/brands and some products change their ingredients, which means that an allergen/dietary choice menu is never truly up to date. We do our best to ensure consistency where possible, however, it is often out of our hands when products change. Therefore, we have put together this list to assist you with the dishes we know can be prepared to safely suit your needs. This list is updated alongside the allergen chart held in the kitchen.
